# The Journey

Even after decades of exploration, Antarctica remains a majestic last frontier, surpassing the expectations of even the most seasoned travelers. Join us aboard the MS Island Sky on an all-kosher expedition cruise to the seventh continent, following in the footsteps of researchers, pioneers, adventurers, and discoverers.

The sheer grandeur of Antarctica is hard to put into words. This southernmost continent, a desert of ice, is so unique that even the most dramatic photographs pale in comparison to experiencing its magnitude, beauty, and wonder firsthand. Enormous icebergs rise from the sea, hillsides are covered with thousands of penguins, and seals bask on icebergs dotting the channels and straits we will sail through. The sights, sounds, and emotions will stay with you forever.

For most travelers, visiting Antarctica is a once-in-a-lifetime experience, so it's important that the trip is as rewarding as possible. The 100-passenger MS Island Sky with **KRC Expeditions** is the perfect vessel, offering both an educational experience on board and numerous quality opportunities ashore. Our in-depth itinerary allows for eleven days of exploration on the Peninsula, timed for late summer when whale sightings peak, penguin chicks fledge and brave their first swim, and snow algae blooms. Between landings and while at sea, you can look for wildlife from the deck, attend lectures by the expedition team, or simply relax and enjoy the facilities.

This exceptional adventure is enhanced by our culinary team, led by Master Kosher Chef Malcolm Green, who will create signature, sumptuous kosher buffets throughout your voyage. For over 25 years, our guests have enjoyed the unique family atmosphere that KRC Expeditions fosters on each voyage, exploring and traveling together as a community on our all-kosher Expedition Ship!
